MAXIMO® L

Comfort Seat with
Automatic Positioning System

MAXIMO® L

Technical data

Comfort seat

The driver benefits from a pneumatic suspension with automatic positioning system (APS) in the Maximo L. The APS automatically adjusts the seat to the driver's weight to ensure greater comfort and safety. Additionally, the mechanical lumbar support offers ideal support for the spine. The ergonomic shape of the tapered backrest and the wide cushions combine maximum freedom of movement with firm support. The Maximo L is suitable for big forklift trucks and construction machines.

Pneumatic suspension

Mechanical lumbar support

Automatic weight adjustment

Automatic positioning system

Fore/aft isolator

Features
