# MAXIMO® XT EVOLUTION ACTIVE

High-End Seat with Actively and  
Electronically Controlled Suspension

# MAXIMO® XT EVOLUTION ACTIVE

## Technical Data

### High-End Seat

The innovative actively and electronically controlled suspension of the Maximo XT Evolution Active reduces vibrations by an average of 40%, and the peak acceleration levels by as much as 75%. Electronic weight adjustment completely automatically sets the seat to the user's weight. With the adjustable side support in the backrest the seat can be adjusted even more individually to the driver's body. An active seat climate system with removal of body moisture additionally enhances comfort. The Maximo XT Evolution Active features a wider suspension for use in combination with heavy multi-functional armrests (not included).
